INDIVIDUAL COURSES

Looking to expand your knowledge based on a particular topic? NIC Academy offers individual courses that provide candidates an avenue to sharpen their skills.

Empowering Senior Housing with AI: Unleashing the Potential of Large Language Models
As Artificial Intelligence (AI) solutions grow more sophisticated and prominent, they are transforming aspects of all industries, including senior living. Artificial intelligence tools aren't meant to replace human intelligence but rather enhance it. In this course, you will learn how to generate prompts to achieve the desired response, how AI tools can be utilized to parse large or unmanageable datasets, and how these tools can provide recommendations based on a series of data inputs and structured inputs.

Anytime Learning
All NIC Academy courses are offered online. You will have 90 days to complete the course. Our online discussion rooms are seamlessly integrated with our courses, to help answer questions, expand perspectives, and strengthen the community.

Professional Edge
With every course comes increased confidence that candidates are gaining the knowledge they need to stand out, advance in the industry, and make an impact on their organization.
